Item 4 – Advisory Services

A. Firm Information

Shrier Associates LLC (“Shrier Associates” or the “Advisor”) is a Registered Investment Advisor with the Commonwealth of Massachusetts, State of New Hampshire, and North Carolina securities regulators which is organized as a Limited Liability Company (LLC) under the laws of the Commonwealth of Massachusetts. Shrier Associates was founded in 1988 and is owned and operated by Managing Director, Richard Shrier. This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Shrier Associates.

B. Advisory Services Offered

Shrier Associates provides investment management services to individuals, pension and profit sharing plan sponsors, trusts, estates and businesses (each referred to as a “Client”).

Account Portfolio Management

Shrier Associates provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary as well as non-discretionary investment management and consulting services. Shrier Associates works with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio asset allocation. Shrier Associates will then construct a portfolio asset allocation, consisting of low-cost, diversified mutual funds and/or exchange-traded funds (“ETFs”), real estate investment trusts, limited partnerships and individual securities to achieve the Client’s investment goals.

Shrier Associates’s investment strategy is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Shrier Associates will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to the acceptance by the Advisor.

Shrier Associates evaluates and selects ETFs, mutual funds and other assets for inclusion in Client portfolios only after applying their internal due diligence process. Shrier Associates may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Shrier Associates may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement, which may adversely affect the portfolio. Shrier Associates may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

Prior to rendering investment advisory services, Shrier Associates will ascertain, in conjunction with the Client, the Client’s financial situation, risk tolerance, and investment objective[s].

Shrier Associates will provide investment advisory services and portfolio management services and will not provide securities custodial or other administrative services. At no time will Shrier Associates accept or maintain custody of a Client’s funds or securities. All Client assets will be managed within their designated brokerage account or pension account, pursuant to the Client Investment Advisory Agreement.

Managed Account Programs

Shrier Associates may recommend to Clients that all or a portion of their portfolio be implemented by utilizing customized portfolios or model portfolios offered by unaffiliated money managers that utilize mutual funds, exchange traded funds (ETFs) and individual securities. Shrier Associates recommends SEI Investments Management Corporation (“SEI”), or Folio/Goldman Sachs through model portfolios developed by Redwood Investment Management and Altruist. The Client will enter into an investment advisory agreement with Shrier Associates and Shrier Associates will assist the Client with completing the account opening documents for the unaffiliated money manager. The Advisor will assist and advise the Client in establishing investment objectives for the account and defining any restrictions on the account. Shrier Associates will continue to provide oversight of the Client account and ongoing monitoring of the activities of the portfolios.

Shrier Associates or the recommended unaffiliated money manager will monitor and rebalance the holdings in the portfolios to maintain asset allocation targets in their managed account programs. In consideration for such services, SEI or Redwood Investment Management is compensated by the fees charged by the mutual funds to the Client. The overall mutual fund fees received by SEI and Redwood Investment Management, and the .10% fee charged by Altruist and the management fee received by Shrier Associates will not exceed 2.50%.

Pension Consulting Services

Shrier Associates will evaluate the existing qualified retirement plan solution(s). Shrier Associates will evaluate at a minimum, the qualified retirement plans fiduciary compliance program, recordkeeping and third-party administration services, investment policy statement and management process, employee communication and education program, and retiree/rollover transitional consulting services.

Based on the evaluation, Shrier Associates will make objective recommendations to the plan sponsor. Upon approval, Shrier Associates will implement, manage, and monitor the recommendations with the authorization of the plan sponsor.

As part of the process, Shrier Associates will provide an investment policy statement or similar document and will recommend, monitor, and benchmark the selected investment platform according to the investment policy statement or similar document. Shrier Associates will assist the client in completing the Investment Manager's client questionnaire and opening account paperwork. Shrier Associates will also assist in the development of the initial policy recommendations. In consideration for this service, Shrier Associates will receive an investment advisory fee, billed quarterly in advance or arrears, and based on the value of the plan/assets on the last day of the quarter or the first day of the quarter as agreed to in advance. The Third-Party Money Manager/Investment Manager is hired by the client. Shrier Associates is only making recommendations to the client about who should be hired. The investment manager will have discretion as to the model portfolios/asset allocations not the individual participants elections, or asset allocation of any participants should they elect to customize their own portfolio. The client, prior to entering into an agreement with a third-party money manager recommended by Shrier Associates will be provided with that manager's Brochure. In addition, Shrier Associates and its client will agree in writing that the client's account will be managed by that selected third-party money manager on a discretionary basis.

Financial Planning and Consulting Services

Shrier Associates will typically provide a variety of financial planning services to individuals and families, pursuant to a written Financial Planning or Consulting Agreement. Services are offered in several areas of a Client's financial situation, depending on their goals, objectives and financial situation.

Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation for clients based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including, but not limited to investment planning, retirement planning, personal savings, education savings and other areas of a Client's financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs. Shrier Associates may also refer Clients to an accountant, attorney or other specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations may pose a potential conflict between the interests of the Advisor and the interests of the Client. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to effect the transaction through the Advisor.

C. Client Account Management

Prior to engaging Shrier Associates to provide investment advisory services, each Client is required to enter into an Investment Advisory Agreement with the Advisor that defines the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

A. Fees for Advisory Services

Account Portfolio Management

Investment Advisory Fees are paid quarterly in advance or in arrears pursuant to the terms of the Investment Advisory Agreement. Investment Advisory Fees are based on the market value of assets under management at the end of each calendar quarter. Investment Advisory Fees generally range from 1.15% to 0.30% depending on the size and complexity of the account. Fee are negotiable at Shrier Associates discretion. The Fee Schedule is as follows:

next \$500,000	1.00%
next \$2,000,000	0.50%

Above \$3,500,000	0.30%
Minimum Fee	

Managed Accounts Programs

SEI and Folio/Goldman Sachs through model portfolios developed by Redwood Investment Management are compensated by the fees charged by the mutual funds offered through their managed account programs as described in Item 4B above. Clients will be charged an additional fee by Altruist .10% for their model portfolios.

Financial Planning and Consulting Services

Shrier Associates offers financial planning or consulting services on an hourly basis not to exceed \$300 per hour, which may be negotiable depending on the nature and complexity of each Client's circumstances. An estimate for total hours will be determined prior to establishing the advisory relationship. Hourly fees are invoiced to the client at the conclusion of the service or delivery of the financial plan to the client. If the final fee is not paid by the client at the delivery of the financial plan or written report, the client is required to pay the fee within 5 days of delivery of the financial plan or written report.

Alternatively, clients may elect to be charged a fixed fee for financial planning or consulting services. Shrier Associates fixed fee is \$700-\$1,500, which is negotiable depending on the nature and complexity of each Client's circumstances. Fixed fee-based clients are billed upon completion of the work performed.

Unless otherwise stated the Advisor's fee includes brokerage commissions. However, in instances where the Advisor's fee does not include brokerage commissions, clients need to be aware that the Advisor's fee would be in addition to brokerage commissions, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs. The hourly fees are determined after considering many factors, such as the level and scope of the services.

B. Fee Billing

Account Portfolio Management

Investment Advisory Fees may be automatically deducted from the Client Account by the Custodian or invoiced by the Advisor. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Shrier Associates at the end of each quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the Investment Advisory Fee. In addition, the Advisor will provide the Client an invoice itemizing the fee, including the calculation period covered by the fee, the account value and the methodology used to calculate the fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting Shrier Associates to be paid directly from their accounts held by the Custodian as part of the Investment Advisory Agreement and separate account forms provided by the Custodian.

Unaffiliated Money Management

In the event that a Client should wish to terminate their relationship with a managed accounts program **Shrier Associates will assist the Client with the termination and transition as appropriate.**

Financial Planning and Consulting Services

As noted above, financial planning and consulting fee are invoiced by the Advisor and are due upon receipt.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third-parties, other than Shrier Associates in connection with investment made on behalf of the Client's account[s]. The Client is responsible for all custodial and securities execution fees charged by the custodian and executing broker-dealer. The Investment Advisory Fee charged by Shrier Associates is separate and distinct from these custodian and execution fees.

In addition, all fees paid to Shrier Associates for investment advisory services are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and

expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client could invest in these products directly, without the services of Shrier Associates but would not receive the services provided by Shrier Associates which are designed, among other things, to assist the Client in determining which products or services are most appropriate to each Client's financial condition and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Shrier Associates to fully understand the total fees to be paid.

D. Payment of Fees and Termination

Account Portfolio Management

Shrier Associates is compensated for its services in advance of the quarter or at the end of the quarter after investment advisory services are rendered, depending on the service. Clients may request to terminate their Investment Advisory Agreement with Shrier Associates, in whole or in part, by providing advance written notice. The Client shall be responsible for Investment Advisory Fees up to and including the effective date of termination. The Client's Investment Advisory Agreement with the Advisor may not be assigned or transferred by the Client or the Advisor. Upon termination, any fees paid to the Advisor but not yet earned shall be refunded to the Client.

Financial Planning and Consulting Services

In the event that a Client should wish to cancel the financial planning agreement under which any plan is being created, the Client shall be billed for actual hours logged on the planning project times the agreed upon hourly rate. Any surplus in the Advisor's possession as the result of collecting a deposit at the time of signing the financial planning agreement will be returned to the Client within 5 business days of cancellation.

If the appropriate Disclosure document was not delivered to the Client at least 48 hours prior to the Client entering into a written advisory agreement with Shrier Associates, then the client shall have the right to terminate the agreement without penalty within five (5) business days after entering into the agreement. Otherwise, either party may terminate a planning or consulting agreement at any time for any reason. The terminating party shall provide written notice to the other party. Upon receipt of the written notice, the agreement shall be terminated. The Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Refunds will be given on a pro-rata basis.

Upon termination or nonperformance of the client agreement, Shrier Associates will turn over any completed work product to the client.

E. Compensation for Sales of Securities

Shrier Associates does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the Investment Advisory Fees noted above.

Item 6 – Performance-Based Fees

Shrier Associates does not charge performance-based fees for its investment advisory services. The fees charged by Shrier Associates are as described in Item 5 – Fees and Compensation above and are not based upon the capital appreciation of the funds or securities held by any Client.

Shrier Associates does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Shrier Associates provides investment advisory services to the following types of Clients:

- Individuals, Personal Trusts and Estates – private investors, investing their personal assets
- Pension and Profit Sharing Plans – retirement plan sponsors or company plans
- Corporations and Businesses – taxable business entities, investing cash reserves

The relative percentage each type of Client is available on Shrier Associates's Form ADV Part 1. These percentages will change over time. Shrier Associates generally does not impose a minimum account size for establishing a relationship. However, for those Clients who seek Shrier Associates' investment only services, and not financial planning, the Advisor's cumulative minimum account requirement for opening and maintaining an account is \$500,000. However, based on facts and circumstances Shrier Associates may, at its sole discretion accept account with a lower value.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Generally, Shrier Associates uses software programs offered by third-party vendors that draw on statistical samples. Also, Shrier Associates licenses buy/sell signals from various providers in order to implement tactical asset allocation strategies. Research and analysis is derived from numerous sources, including financial media companies, research materials, corporate rating services, and review of company activities including annual reports, prospectuses, and press releases.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Shrier Associates will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process.

Every type of investment, including mutual funds, involves risk. Risk refers to the possibility that you will lose money (both principal and any earnings) or fail to make money on an investment. A fund's investment objective and its holdings are influential factors in determining how risky a fund is. Reading the prospectus will help you to understand the risk associated with that particular fund.

Generally speaking, risk and potential return are related. This is the risk/return trade-off. Higher risks are usually taken with the expectation of higher returns at the cost of increased volatility. While a fund with higher risk has the potential for higher return, it also has the greater potential for losses or negative returns. The school of thought when investing in mutual funds suggests that the longer your investment time horizon is the less affected you should be by short-term volatility. Therefore, the shorter your investment time horizon, the more concerned you should be with short-term volatility and higher risk.

Below is a list of some of the risks to consider when investing in mutual funds.

Call Risk. The possibility that falling interest rates will cause a bond issuer to redeem—or call—its high-yielding bond before the bond's maturity date.

Country Risk. The possibility that political events (a war, national elections), financial problems (rising inflation, government default), or natural disasters (an earthquake, a poor harvest) will weaken a country's economy and cause investments in that country to decline.

Credit Risk. The possibility that a bond issuer will fail to repay interest and principal in a timely manner. Also called default risk.

Currency Risk. The possibility that returns could be reduced for Americans investing in foreign securities because of a rise in the value of the U.S. dollar against foreign currencies. Also called exchange-rate risk.

Income Risk. The possibility that a fixed-income fund's dividends will decline as a result of falling overall interest rates.

Industry Risk. The possibility that a group of stocks in a single industry will decline in price due to developments in that industry.

Inflation Risk. The possibility that increases in the cost of living will reduce or eliminate a fund's real inflation-adjusted returns.

Interest Rate Risk. The possibility that a bond fund will decline in value because of an increase in interest rates.

Manager Risk. The possibility that an actively managed mutual fund's investment advisor will fail to execute the fund's investment strategy effectively resulting in the failure of stated objectives.

Market Risk. The possibility that stock fund or bond fund prices overall will decline over short or even extended periods. Stock and bond markets tend to move in cycles, with periods when prices rise and other periods when prices fall.

Principal Risk. The possibility that an investment will go down in value, or "lose money," from the original or invested amount.

Exchange-Traded Funds (ETFs). ETFs are investment companies that are legally classified as open-end mutual funds or UITs. However, they differ from traditional mutual funds, in particular, in that ETF shares are listed on a securities exchange. Shares can be bought and sold throughout the trading day like shares of other publicly-traded companies. ETF shares trade at a discount or premium to their net asset value. This difference between the bid price and the ask price is often referred to as the "spread." The spread varies over time based on the ETF's trading volume and market liquidity, and is generally lower if the ETF has a lot of trading volume and market liquidity and higher if the ETF has little trading volume and market liquidity. Although many ETFs are registered as an investment company under the Investment Company Act of 1940 like traditional mutual funds, some ETFs, in particular those that invest in commodities, are not registered as an investment company.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. For more information on our investment management services, please contact us at (508) 898-9500 or via email at rick@shrierassociates.com.

Item 9 – Disciplinary Information

You may also research the background of Mr. Shrier by selecting the Investment Adviser Representative and entering Mr. Shrier's Individual CRD# **721915** in the field labeled "Individual CRD Number".

Item 10 – Other Financial Activities and Affiliations

Insurance Agency Affiliations

Managing Director Richard Shrier and Investment Adviser Representative Robert B. Tamkin of Shrier Associates, are both Licensed Insurance Advisers and brokers, by the Commonwealth of Massachusetts and may serve as sales agents for various insurance companies and also as a fee based insurance adviser. These activities are done separate and apart from their role with the Advisor. As an insurance broker, both Mr. Shrier and Mr. Tamkin may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by either Mr. Shrier, Mr. Tamkin or the Advisor. As insurance advisers, both Mr. Shrier and Mr. Tamkin may receive fee based compensation. All fees associated with either activity will be disclosed to the client in advance.

Shrier Associates has entered into a Licensing Agreement with Portfolio Management Consultants (PMC) to utilize the buy and sell signals generated by the proprietary concepts, technology and methodologies created by

PMC. Through this licensing agreement, Shrier Associates has the ability to offer this service to other unaffiliated registered investment advisors through the Folio Institutional Model Manager Exchange. Unaffiliated registered investment advisors will enter into an agreement with Shrier Associates for this purpose. Shrier Associates will be paid a fee, as outlined in the agreement, by the unaffiliated registered investment advisor for the use of these buy and sell signals. For more information on this service, please contact Richard Shrier at 508-898-9500.

Item 11 – Code of Ethics, Participation in Client Transactions and Personal Trading

A. Code of Ethics

Shrier Associates has implemented a Code of Ethics that defines our fiduciary commitment to each Client. This Code of Ethics applies to all persons associated with Shrier Associates. The Code of Ethics was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Shrier Associates and its personnel owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Shrier Associates to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code of Ethics covers a range of topics that may include; general ethical principles, reporting personal securities trading, exceptions to reporting securities trading, reportable securities, initial public offerings and private placements, reporting ethical violations, distribution of the Code of Ethics, review and enforcement processes, amendments to Form ADV and supervisory procedures. Shrier Associates has written its Code of Ethics to meet and exceed regulatory standards. To request a copy of our Code of Ethics, please contact us at (508) 898-9500 or via email at rick@shrierassociates.com.

B. Personal Trading and Conflicts of Interest

Shrier Associates allows our employees to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted, consistent with Section 204A of the Investment Advisers Act of 1940, a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. We have also adopted written policies and procedures to detect the misuse of material, non-public information. We may have an interest or position in certain securities, which may also be recommended to you.

At no time, will Shrier Associates or any associated person of Shrier Associates transact in any security to the detriment of any Client.

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Shrier Associates does not have discretionary authority to select the broker-dealer/custodian for custodial and execution services or the administrator for defined contribution accounts. The Client will select the broker-dealer or custodian (herein the "custodian") to safeguard Client assets and authorize Shrier Associates to direct trades to this custodian as agreed in the Investment Advisory Agreement. Further, Shrier Associates does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Shrier Associates does not exercise discretion over the selection of the custodian, it may recommend the custodian[s] to Clients for execution and/or custodial services. Clients are not obligated to use the recommended custodian and will not incur any extra fee or cost associated with using a broker not recommended by Shrier Associates. Shrier Associates may recommend a custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and location of the custodian's offices.

Shrier Associates recommends TD Ameritrade, Folio Institutional, Altruist and SEI Investments as custodians ("Recommended Custodians"). The Recommended Custodians are independent and unaffiliated SEC-registered broker-dealers and FINRA members. The Recommended Custodians offer independent investment Advisors services, which include custody of securities, trade execution, clearance and settlement of transactions. Shrier Associates receives some benefits from the recommended custodians through its participation in the program.

1. **Soft Dollars** - Soft dollars are revenue programs offered by broker-dealers whereby an advisor enters into an agreement to place security trades with the broker in exchange for research and other services. **Shrier Associates does not participate in soft dollar programs sponsored or offered by any broker-dealer.**

2. **Brokerage Referrals** - Shrier Associates does not receive any compensation from any third party in connection with the recommendation for establishing a brokerage account.

3. **Directed Brokerage** - Certain Clients may direct Shrier Associates to execute trades with a specific broker. If the Advisor is directed by the client to direct trades to a specific broker dealer other than the custodian typically used by the Advisor for trade execution, the Advisor's ability to negotiate commissions (where applicable), obtain volume discounts, or otherwise obtain best execution may not be as favorable as might otherwise be obtained.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the broker. Shrier Associates will execute its transactions through an unaffiliated broker-dealer selected by the Client. Shrier Associates may aggregate orders in a block trade or trades when securities are purchased or sold through the same broker-dealer for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 - Review of Accounts

A. Frequency of Reviews

Accounts are monitored on a regular and continuous basis by Mr. Shrier, Managing Director of the Advisor. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

Asset Allocation accounts are re-balanced periodically or as deemed necessary and re-optimized when deemed necessary by the Advisor or by the third-party money manager for those participating in the Managed Account Program. Re-balancing is accomplished by reallocating assets to original asset targets and re-optimizing involves setting new target asset category percentages.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account. The Client is encouraged to notify Shrier Associates if changes occur in his/her personal financial situation that might adversely affect his/her investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive, by mail or electronically, brokerage statements no less than quarterly from the trustee or custodian. These brokerage statements are sent directly from the custodian to the Client. The Client may also establish electronic access to the custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by Shrier Associates

Participation in Institutional Advisor Platform

Shrier Associates has established an institutional relationship with the Recommended Custodians to assist the Advisor in managing Client account[s]. Access to the Recommended Custodians Institutional platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at the Recommended Custodians. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Additionally, the Advisor may receive the following benefits from the Recommended Custodians receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

Advisor's Insurance Related Business

In connection with the Advisor's Financial Planning and Consultation Services, Shrier Associates may recommend certain investment or insurance products. In this capacity these employees may receive customary commissions, and other related revenues from the sale of insurance products as licensed Insurance Brokers. Advisory clients are under no obligation to purchase any products from the Advisor. Employee(s) are licensed as Life Insurance Advisers in the Commonwealth of Massachusetts and are engaged in consultation on life insurance matters for a fee.

B. Client Referrals from Solicitors

The Advisor does not currently have any such arrangements.

Item 15 – Custody

Shrier Associates does not accept or maintain custody of any Client accounts. All Clients must place their assets in a qualified custodian. Clients are required to select their own custodian to retain their funds and securities and direct Shrier Associates to utilize that custodian for the Client's security transactions. For more information about custodians and brokerage practices, see Item 12 - Brokerage Practices.

Under state regulations, Shrier Associates is deemed to have custody of client assets if you authorize us to instruct the qualified custodian to deduct our advisory fees directly from your account. The qualified custodian utilized by Shrier Associates maintains actual custody of your assets. The client will receive written statements no less than quarterly from the custodian. The custodian will send a quarterly statement to the client and the Advisor will also send a quarterly invoice to the client, at the same time the Advisor sends an invoice to the custodian, outlining the fee calculation and the amount withdrawn from the client account. Shrier Associates encourages clients to carefully review/compare their account statements and firm invoice for any inaccuracies. Any discrepancies should be immediately brought to the firm's attention.

Item 16 – Investment Discretion

Shrier Associates generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Shrier Associates. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an Investment Advisory Agreement containing all applicable limitations to such authority. All discretionary trades made by Shrier Associates will be in accordance with each Client's investment objectives and goals.

Shrier Associates also provides non-discretionary investment advisory services to clients. Shrier Associates will obtain the prior consent and approval from the client for each transaction effected in the client accounts, for non-discretionary client relationships.

Item 17 – Voting Client Securities

Shrier Associates does not accept proxy-voting responsibility for any Client.

Item 18 – Financial Information

Neither Shrier Associates, nor its management has any adverse financial situations that would reasonably impair the ability of Shrier Associates to meet all obligations to its Clients. Neither Shrier Associates, nor any of its advisory persons, has been subject to a bankruptcy or financial compromise.
